AUGUST 2024 CIRCULAR

Dear ASCHP Counsellors,

In our journey of guiding others towards holistic health, it is vital that we also nurture our own well-being. Wellness is not just a destination but a continuous path we walk every day. It requires us to stay balanced, mindful, and connected to our purpose. Let us remember that our work is not just about healing the body, but also about uplifting the spirit and empowering individuals to lead their best lives. Together, we make a difference in the lives we touch, one step at a time.

Exciting news:

We are thrilled to share some exciting news with you. The ASCHP has recently relocated to new additional offices in Montana, and we have been operating from these new premises for the past four months. This transition marks a significant milestone for us, and we are eager for you to experience our new space. You are warmly invited to visit the offices at your convenience (per appointment only).

We are also excited to announce that the South African Qualifications Authority (SAQA) is publishing a magazine, in which the ASCHP will be featured. The article will include a short write-up and summary of the ASCHP, alongside other professional bodies. This publication provides an excellent opportunity for the ASCHP to showcase our designations and serve as a marketing platform and introduce our CEO, Dr Liezl Herholdt, to the larger public.

Important information and reminders:

We would also like to remind you of the upcoming live online CPD event scheduled for 23 August 2024.
